Why you surprised?

I'm not looking any of that here.

FASHION!

Panel 100 you have the best creation? 100 of

How did you mention it?

Chopped up for that. It's impossible for you to not offend out.

I thought it was because they weren't used to foreigners.

It's extremely mismatched and isn't tasteful for a young girl.

The style you're wearing is from a hundred years ago.

and your
combat
ability
is high.

You're the
same age
as them.

I never was
good at
captaincy...

Even if you
deliberately
attract the
largest
attention,

you should be
careful not
to draw the
attention of
unwanted
parties.

Headquarters
selected you
for this
mission
because...

Once
information
analysis is
my specialty.

I was sent in
to help you on
the 'Stars'
Planet-class
mission
'Mercury'.

As your
companion,
I can't say
I imagine
any other
reasons.

And that's
why.

Now
then...

Silva

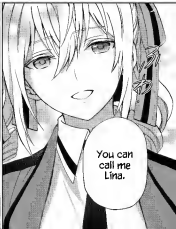

It's easy to understand,

To tell me
apart from
Miyuki.

It's fine
to just
call me
Tatsuya.

I'm Shiba
Tatsuya
from
Class E.

Thanks.

and if it's
possible,

Tatsuya.

Nice to
meet
you.

I'd appreciate
it if you
didn't use
honorifics
with me.

I can
manage
that.

I'm Gihata Mizuki. Please just call me Mizuki.

Calling me Erika is fine, Lina.

I'm Chiba Erika!

I'm Yoshida Michiko.

Just use Michiko for me.

I'm Saitou Leonheart, using Leo is fine.

Oh? Is that so? Well then, WHY? It is!

Just saying 'Mid' should be fine.

But I don't want to be called that! Who else are there who are like us...

So, it's...

Leo, and Michiko.

Erika, Mizuki.

Michiko is hard to say, isn't it?

Agave's
Killed
Shells...

we don't
like you
anymore
as that slave.

The transfer
student and
Miyuki

are going
to compete
in magic
power.

第2実習室

Miyuki

It seems
that transfer
student is
amazing
as well...

It's going
to be a
landslide
victory for
Miyuki-san.

I feel that
trouble is
stirring...

I also lost
to Horobas
in precision
control.

As expected
from Japan,
one of the
leaders
in magic
technology.

Lina...

I'm actually
surprised
as well.

I used to be
underestimated
at the high
school level.

I never would
have thought
that there could
be someone
who could
compete on the
same level
as Miyael.

I'm
surprised.
Um...

but there isn't a need for it to persist afterwards.

There it is.
Tabisuya's
dis-con
speech.

Myud! has
also become
a bit more
enthusiastic.

A-Ah...
Those two
sure are
on good
terms...

now that a
new rival has
appeared.

Teacher
of the
high school
clubhouse

Your middle
name is
Kudou, that
is to say, are
you a blood
relative of
Sider Kudou?

That
reminds
me, Lina.
Though
it's trivial.

What
is EP?

I see.
Can I ask
about one
more thing?

By all
means,
anything
you like.

That link was
one of the
reasons for
me to study
abroad.

A grandfather
on my mother's
side was the
younger
brother of
the Kudou
Gleason

Myud! has
also become
a bit more
enthusiastic.

isn't the
go-to
nickname for
Angelina...

IF I
recall
correctly,

'Angie'?

No, you
are quite
right.

Line...?

Why are you
apologizing?
Be proud.

We still have
Hector's last
apology of the village.

This may sound
arrogant,
but...

It seems having Lina
in the same
class here
been an
excellent
stimulus.

That's
right.

Well, after
her response,
her posture

You saw
through
that?

By the way,
Owl-seems,
did your
inquiry at
lunch go as
planned?

Lina is the
Stars' High
Commander
Sirius of the
USNA Army.

I can't
keep any
secrets
from you,
Miyuki.

Really
—

That's
because...

Miyuki has
her eyes on
Onii-sama

More than
anybody
else.

That's the 5th
one that's died
an unnatural
death this
month...

And the
blood is
gone as
well...

It's as
if...
